

Blue Nomad - BackupBuddyVFS

BackupBuddyVFS includes:

- encryption of your private data
- custom backups
- custom restores
- scheduled backups and more!

BackupBuddyVFS provides you with peace of mind when you are on the road - effortless mobile backups and restores from the company you trust!

With BackupBuddyVFS installed on your Kyocera 7135 smartphone, you can effortlessly backup and encrypt your device's critical files to Secure Digital or MultiMedia expansion cards. In the event of a loss of data, you can then use BackupBuddyVFS to restore your Kyocera 7135 smartphone's data from an expansion card. As a result, you no longer need to wait until you have access to your Sync cradle or a modem to backup or restore your data.

Availability
